

BUSTER + PUNCH

LONDON

FORKED

2022 UK EDIT

BUSTER + PUNCH STARTED IN A GARAGE IN EAST LONDON, BUILDING CUSTOM MOTORBIKES AND SOLID METAL INTERIOR DETAILS.

Our love for working with rare, solid metals has led us to transform everyday functional fittings into extraordinary home essentials.

This is the Forked lighting collection, combining cast, machined and hand-spun solid metal, with a unique fork detail. It's a range that celebrates the beauty and elegance of solid metals, with a compelling new Buster + Punch aesthetic.

The debut collection includes versatile modular ceiling and pendant lights in medium or large. A hand-spun solid metal shade in a matching finish can be added, alternatively, a handblown globe in smoked or opal glass can be used alone, or combined with a shade. Forked is available in steel, burnt steel, brass or gun metal finishes, and will be expanded over time as a range. Each variation comes with its own dimmable B+P LED bulb, with proportions optimised for each specific light.

The range's components can be configured to cast either a soft ambient light or cast a light that's more directional and task-orientated. Forked's finishes combine with our hardware, electricity switches, and existing Buster + Punch lighting to create a coherent look in any setting.

type: **FORKED PENDANT / SHADE / GLOBE**
finish: **BURNT STEEL / SMOKED**
size: **LARGE**

[detail. **FORKED.**]

Forked's defining feature is its fork intersection, which helps ensure each light hangs perfectly straight. The rough-cast fork brings a delicate industrial aesthetic that offsets against the refined linear knurl of the light holder. The casting process for the fork means each light is one-of-a-kind.

FORKED PENDANT

category: **PENDANT LIGHTS**
 socket: **E27**
 voltage: **220-240V**
 classification: **CB/CE CERTIFIED**
 detail: **CAST FORK**

A modular light pendant made from cast, hand-spun and machined solid metal. Choose from steel, burnt steel, brass or gun metal and add a shade, globe or both. The light features our cast forked detailing and signature diamond-cut linear knurling. Modular options include a handblown smoked glass globe and hand-spun solid metal shade. A Forked-specific dimmable Buster Bulb is included, casting a soft ambient light.

[detail. **MODULAR.**]

Forked's modular design makes it very simple to create the perfect ambience for a space. The shade and globe bring their own unique qualities and aesthetic edge into play, to enhance the mood you wish to set. Choose from shade only, globe only, or shade plus globe. All components can be swapped over time should you want to *switch up* your look.

[detail. **GLOBE.**]

The handblown glass globe, in smoked or opal, plays an integral role in the light pattern of your Forked light. The opal globe gives a strong ambient light, making it a good option for lighting entire spaces. Adding a smoked globe to Forked creates a subtle light effect, with the bulb itself adding a touch of visual drama. Each version of Forked comes with its own specially-developed Buster + Punch LED bulb.
